One Region Forward is bringing together local government officials and members of the business community from across Erie and Niagara counties for a conversation on building more collaboration and coordination to move our region forward.

Whether you’re a local official from a rural town, a business owner from one of our cities or a local chamber of commerce official, we’d like your perspectives and feedback.

Your ideas and perspectives are an important part of the conversation.
Join us at One Canalside for an evening of lively conversation with great views of our waterfront.

One Canalside marks the first private sector development in Buffalo’s emerging Canalside waterfront district. The project saw the transformation of a 53-year-old state office building, vacant for over a decade, into a mixed-use facility featuring office, retail, and hotel space. By leveraging and reinvesting in existing infrastructure, adaptive reuse projects such as this continue to gain momentum across the region.

One Canalside is home to Phillips Lytle LLP, who have graciously offered use of their space for this event.
