

Hundreds of flooded basements.

**Damaged roads.
Backed - up sewers.
Power outages.
Untreated wastewater
discharged into streams.**

The intense rainfall of 2013 threatened our safety, damaged our property, and cost taxpayers millions of dollars in cleanup funds.

We cannot prevent severe weather, but we can prepare and become more resilient. The New York Rising Community Reconstruction Program is assisting Niagara County to rebuild better and safer through community-driven plans that consider current damage, future threats to community assets, and the community's economic future.

Please join state and local representatives for an OPEN HOUSE event to discuss storm resilient projects and strategies to reduce our vulnerability to future storms.

WEDNESDAY, JUNE 11th

5:30 - 7:00 PM

**Niagara Falls Public Library
1425 Main Street**
