Buffalo # 14

TITLE: Forty Years of Density

DESIGN PRINCIPLES:

1. Preserve farmland/undeveloped land + green space.
2. Growth should occur in high density areas + villages.
3. Preserve public access to water.
4. Encourage multi-modal forms of transportation.

NOTES:
- Bus-Rapid Transit to airport; some sort of transit to Niagara Falls, BRT to Amherst, transit routes that connect to centers of the city.
- Downgrade 198.
- Preserve green spaces, farmland + rural areas.
