**NFHA #5**
**TITLE: Heinz 57**

Design Principles:

1. Don’t build on toxic sites and/or clean them up
2. Revitalize Niagara falls (city and Tonawanda) creating jobs and affordable housing
3. Focus on north of map assumed because of need.
4. Improve metro and public transit. Among major communities and outlying communities, especially links to needed services.
5. Revitalize the waterfront

Notes:
- Not new but revitalize and rehab existing
- Wetlands
- Residential development along waterfront
- Maintain Route 18 (What the red line means)
