Niagara Falls #1
TITLE: A Brighter Buffalo
DESIGN PRINCIPLES:
1. Give communities character
2. Protect farmland, soils
3. Focus on waterfront development
4. Revitalize great places.
5. Protect important assets.
NOTES:
- Protect and develop wine trails in Cambria
- Protect rich soils escarpment
- Purchase development rights
- Ari approach to airport
- Importance of waterfront development
- Military and civilian air transportation which affects economic and commercial development. Airway approaches should minimize home construction.
