On the Road Workshop #1 – Map #2

TITLE: Bufftopia

DESIGN PRINCIPLES:

1. Repurpose existing structures instead of building outward.
2. Connect existing public transport corridors with urban centers.
3. Expand public transit to connect new & existing urban areas.
4. Convert areas of urban sprawl into more urbanized areas.
5. Preserve the areas with existing amenities.

NOTES:
- Revitalize green spaces
- Make roadways more bike-friendly.
- Expand Buffalo’s urban center out to the central terminal.
- Develop traditional housing/neighborhood surroundings.
